Edward L. Keyes Resident Contest for Outstanding Case Reports
11th World Congress of the International Academy of Cosmetic Dermatology
June 23-25, 2016 Panama City, Panama
Abstract deadline: Noon, CDT, April 15, 2016

To be awarded for the best Case Report submitted by a physician in training (resident, fellow, or registrar) for presentation at the 11th World Congress of the International Academy of Cosmetic Dermatology in Panama City, Panama, June 23-25, 2016.

We invite you to submit original Case Reports that reflect the presentation of new ideas and original observations to the Academy membership and other attendees of the Congress. The case may be medical, surgical, or cosmetic (or combined) in nature.

The author, whose abstract receives the highest score during the review process, will be awarded a scholarship by the IACD to present the full paper at the 11th World Congress of the International Academy of Cosmetic Dermatology in Panama City, Panama, June 23-25, 2016. The scholarship will provide reasonable travel expenses, lodging for 3 nights, the Congress registration fee, and a basic spending stipend.

Abstracts should be submitted via email to vrosic@medicine.bsd.uchicago.edu before noon, CDT, April 15, 2016, and should be no longer than 2,500 characters including spacing. Material that was previously presented, published, or submitted for publication should not be offered. Applications will be graded based upon the educational value of the abstract and the extent to which it presents new and significant work. The Review Committee strongly recommends that abstracts have an organized, coherent, well-thought-out, and complete presentation. Please note that no paper submitted for consideration will be eligible if it has already been or is in consideration for publication elsewhere at any time prior to the meeting. The winner(s) agree to publish their outstanding case report(s) in SKINmed: Dermatology for the Clinician, an official publication of the International Academy of Cosmetic Dermatology. By submitting your paper for consideration, you give SKINmed: Dermatology for the Clinician first-rights of refusal for publication through December 31st, 2016. The applicant must be in training at the time of the Congress presentation.

All applicants will receive e-mail notice of the Resident Case Report Review Committee’s decision by May 1st, 2016.
